Number of Marriages over time in Toronto

An in depth analysis of marriage

Robert Ford

September 19, 2024

1 Introduction

You can and should cross-reference sections and sub-sections. We use R Core Team (2023) and Wickham et al. (2019).

The remainder of this paper is structured as follows. Section 2....

2 Data

Some of our data is of penguins (Figure 1), from Gelfand (2022).

You can see that the number of marriages is increasing year over year. Sadly I have read that divorce rates are also on the rise [TODO INSERT SOURCE]

3 Discussion

3.1 First discussion point

From this elaborate paper we can tell that marriages are becoming more common. It would be interesting to explore whether this is a larger portion of the population is getting married, or if individuals are marrying more times.
